WE WILL PLACE ON SALE MONDAY

## Fifty Suits

at a reduction of One-third off

These are the finest and newest line goods — the kind that are wanted right now, and it is only because of a fortunate purchase that we are enabled to place them on sale. ¶ Our profit is the same; but we can cut them a third, because the house we bought them from did the same. ¶ They are the smartest seasonable effects, with the Hamilton distinction about every one of them, not different from those which cost more, and we only have fifty of them — all our buyer could get. ¶ A word to the wise — come early.
